Of Mikado Try to Take Lone Tree Hill

SCENE OF SEVERAL BLOODY CONFLICTS IN EAST

Garrison at Port Arthur is Now Tottering.

AMERICAN CONSUL'S MESSAGE

No Let-up of Japanese Efforts to Reduce the Place—Activity Noted Near Mukden.

St. Petersburg, Nov. 18.—(Bulletin)—General Sakharoff, in a dispatch this morning reports that the Japanese last night made another attempt to retake Putlof, or Lone Tree hill. The forces of the Mikado were repulsed. This evidence has been the scene of some of the bloodiest fights of the battle of the Shalke river. A dozen attempts have been made to retake it by the Japanese.

Russian Appointments.
St. Petersburg, Nov. 18.—It is announced today that Admiral Logtchinsky has been appointed to superintend the naval mine defenses at Port Arthur and that Captain Ivanoff has been appointed to command the cruiser Bayan at Port Arthur.

Another Arsenal Destroyed.
Tokyo, Nov. 18.—It is today reported that the Japanese have destroyed another Russian arsenal at Port Arthur. Columbus, Nov. 18.—Otis Loveland, one of the murderers of Farmer Geo. Geyer near Columbus, must go to the electric chair Thanksgiving night. Governor Harrick will not interfere with the death sentence.

Riaboff is Remembered.
St. Petersburg, Nov. 18.—The czar gave a thousand roubles to the family of Private Riaboff, whom the Japanese executed as a spy. He also gave a thousand roubles to establish a school in Riaboff's birthplace to commemorate his gallantry.

Consul Fowler's Message.
Washington, Nov. 18.—Consul General Fowler cabled the state department from Chefoo that the situation at Port Arthur is extremely critical, the outer forts having fallen into the possession of the Japanese. He also states that three Japanese torpedo boat de-

JAPS REPULSED.
Kuropatkin Reports an Engagement. Stoessel's Report.

St. Petersburg, Nov. 18.—General Kuropatkin reports: "Tuesday evening the Japanese assumed the offensive against our positions near Sinchinpu, but the attacks were repulsed. At about 11 o'clock at night the enemy recommenced a fusillade which lasted an hour and a half. Our losses were 14 men wounded. At dawn the same day our sharpshooters ambushed 32 dismounted Japanese dragoons. The sharpshooters attempted to make prisoners of them, but the Japanese resisted, and were all killed or wounded, except three who were captured. A company of Japanese came to the rescue of their comrades, but the fire of the sharpshooters kept them at bay." (Continued on Page 7, 6th col.)

POTTER TAVERN IS APPROVED BY MR. WHITEHEAD

Bishop Makes Appeal to Pittsburg Capital.

Desires to Reach the Workingmen Who Want to Drink and Who Will Drink.

Pittsburg, Nov. 18.—Bishop Cortlandt Whitehead of the Pittsburg diocese of the Episcopal church has issued a statement upholding Bishop Potter's subway tavern and appealing to capital in Pittsburg to do something similar to reach the workingmen who want to drink and who will drink. He says: "I certainly think that if Pittsburg capitalists would unite in the establishment of drinking places where there would be no treating, no temptation to get drunk, it might be a step in the right direction. "This is a free country and we cannot force men into religion. I believe that many men drink occasionally because they wish to demonstrate that they are free to go into a saloon if they choose, and because they know that it will spite somebody who does not wish them to go in there. "The children should be brought up with the proper idea of this question. They should not be told that to take a drink is a wicked thing. For they will find out different, but they should be taught that there should be temperance in all things, even in reform. "There is no doubt that the church in general must do something to meet the question."

ELECTRIC ROADS PLAN FOR THROUGH SERVICE ON LINES.

Toledo, O., Nov. 18.—The Ohio Interurban Railway association at a meeting held here at which sixteen electric railroads were represented, decided to arrange a plan for through passenger and freight service on the various roads. A plan for coupon tickets is being worked out and it was agreed to place on sale an interchangeable mileage book on December 1. G. S. Shinnick of Newark was here representing the Buckeye Lake line and the Columbus, Newark and Zanesville road.

Black For Attorney General.
New York, Nov. 18.—The World says: "Former Governor Frank S. Black has been tendered an offer of the attorney generalship in President Roosevelt's cabinet for the term beginning March 4, 1905. It is the view of ex-Governor Black's friends, both in New York and Albany, that he will not accept the attorney generalship, because it would mean sacrificing a law practice which, it is said, nets him nearly \$100,000 a year."

SERIOUS RUN

Closes the Doors of the Berlin National Bank in Wisconsin—Deposits \$150,000.

Berlin, Wis., Nov. 18.—The Berlin National bank closed its doors and posted a notice saying: "Owing to the withdrawal of deposits the business of this bank has been placed in the hands of the controller of the currency." A meeting of stockholders had been called for December to arrange for paying a 60 per cent assessment in order to strengthen the bank and remove any doubtful paper which might be found. Notices had been issued to the public stating the bank's determination to strengthen itself. These notices were misconstrued by the depositors; a run on the bank resulted and became so serious that the directors determined to close the doors. The deposits aggregated \$150,000.

A WREATH

Is Placed Upon the Tomb of General Washington by Prince Fushimi of Japan.

Washington, Nov. 18.—Prince Fushimi visited Mount Vernon, placed a wreath on the tomb of Washington and planted a tree on the old estate of the first president. The trip there and back was made on the president's yacht, the Sylph. As he entered and left the navy yard the marines gave him the prescribed honors and he was given the royal salute of 21 guns and 200 blue jackets on the Hartford stood in the rigging.

COL. BECKINRIDGE NEAR DEATH'S DOOR

Lexington, Ky., Nov. 18.—A bulletin from Col. Beckinridge's bedside at noon today says grave fears are entertained that the patient will not survive the day.

The bodies of Henry Hillebrand, bartender, and a woman identified as Mrs. W. J. Miller, were found in a buggy near Detroit today, each with a bullet wound in the temple.

GAS

Explodes at a Chicago Plant Today

KILLING FOURTEEN PEOPLE AND INJURING TEN

Buildings Five Blocks Away Badly Damaged.

A DYNAMITE EXPLOSION TODAY

On the Hocking Valley Road Kills One and Fatally Injures Four—Other Men.

Chicago, Nov. 18.—Fourteen men are supposed to have been killed and ten were injured by a series of gas tank explosions this morning at the plant of the Pyle National Electric Headlight company and the Peoples Gas, Light and Coke company in South Chicago.

Four bodies were recovered at noon. The financial loss is \$100,000.

The fire originated in the Pyle plant, the cause being unknown. The fire caused the explosion of a small tank. Then followed the demolition of six other tanks. The air became filled with sheets of flame which enveloped the plant of the Peoples company. The force of the explosion was sufficient to partially wreck dwelling houses within five blocks. In the collapse of a building 200 feet away five people were badly injured. People fled in a panic as chimneys and window panes were smashed. The flames, fanned by a strong wind, jumped along the spaces intervening between the plants, licking up all the buildings within the enclosures and threatening two immense tanks of the Peoples company. A fortunate shift of the wind allowed the firemen to approach and deluge the tanks with water, averting a fearful disaster. It is claimed 26 men were employed in the plants. The injured were rushed to drug stores and then to hospitals.

The gas company drew off the gas to forestall other explosions. Two bodies recovered were blown outside the flame limits. This afternoon at 1:20 Fire Marshal Campion stated that pieces of bodies together with two complete trunks make the known list of dead five. It is believed that nine more men were killed, making the dead 14.

Gallipolis, O., Nov. 18.—An explosion of dynamite at Oregon station, on the Hocking Valley railroad, caused the death of Peter Poole and fatally injured Wm. Artist, Wm. Ellis, Wm. Wiseman and Noah Stout.

FINANCES

Of the Catholic University—Offers From Catholics Over the Country Have Been Made.

Washington, Nov. 18.—The board of trustees of the Catholic university, which has been meeting here for two days, has adjourned until the second Wednesday after Easter. In all four sessions were held, during which the principal topic of discussion was the finances of the institution. There was also informal consideration of the letter of Marquise De Monstiers-Meriville, founder of the university, in which she made public her renunciation of the Catholic religion. At the university it was announced that notwithstanding the Waggaman failure, by which the university will lose at least part of the \$876,000 which had been invested through him, the work of the institution would go on with greater vigor than ever before. It was positively stated that no action was taken by the trustees regarding the Marquise De Monstiers' letter. It was intimated that offers of financial assistance from Catholics throughout the country had been made.

JURY

Expresses Belief Weber is Guilty of Family's Murder.

Asbury, Cal., Nov. 18.—(Bulletin)—The coroner's jury which investigated the Weber family murder, has returned a verdict expressing the belief that Adolph Weber, the surviving member of the family, committed the quadruple murder.

ASPHYXIATED

BY GAS ARE FOUR MEN IN A JERSEY PLANT.

Three Died Attempting Their Rescue. The Men Were Found Together in a Heap.

New York, Nov. 18.—Asphyxiated by gas was the fate of four men at Dover, N. J., at the plant of the Dover, Rockaway & Port Oram Gas company. They constituted the entire working force of the plant and were discovered by George E. Bunnell, a former employee, who, on visiting the plant, found it apparently deserted, with engine running under a full head of steam and scarcely any water in the boilers. After shutting down the engines and attending to the boilers, Bunnell went through the works and found the four men beneath an open trap door in the meter room, with the space under the floor filled with gas from a broken valve in the drip pipe. The men were William Bulmer, 17, employed as a fireman; Elias C. Chamberlain, Otto E. Eldshum, a painter, and a man known only as Gustave, also a painter. The men lay together in a heap, and Bunnell, noticing that the man on top was alive, entered the trap to rescue him, but became so weakened by the gas that he could not lift the body to the floor, four feet above, and was barely able to get out himself. He staggered outside, but was unable to attract any one's attention, and it was some time before he recovered sufficiently to telephone for assistance. When help finally arrived and the gas was turned off so the men could be taken out, all four were dead.

From their positions it is thought that Bulmer went through the trap first to fix the broken valve and was overcome by the gas, and in an effort at rescue, Chamberlain, Eldshum and Gustave followed and lost their lives.

TRAIN

Demolished a Trolley and Four Persons Were Killed—The Car Got Beyond Control.

Toronto, Nov. 18.—A streetcar with trailer attached got beyond control of the motorman and crashed through the guard gates at the Queen street crossing of the Grand Trunk railroad. A Montreal freight train struck the forward car, grinding it to splinters. Four persons were killed. Every passenger on the streetcars was injured, two dying soon after being taken from the wreckage and two at the hospital. The dead are: James Armstrong, conductor; one year old child of J. Robertson, the baby being thrown from its mother's arms and both its legs cut off; Mrs. Minnie Mahaffy, internally injured, died at hospital; Russell T. Stephens, internally injured, died at hospital. The forward car was struck fairly in the center and completely demolished. The vestibule from which the motorman had jumped was carried up the track 100 yards. The trailer was overturned and all the windows smashed, but the body of the car remained intact.

UNDER WATER

Young Man Held Stranger's Head Till He Was Dead—Tried to Rot Him.

Lacrosse, Wis., Nov. 18.—George Tuckek, a young man of good reputation, gave himself up to the police, saying he killed a stranger by holding the man's head under water until dead. The police searched for the body and found that of a man not yet identified, six feet tall and of powerful build. Tuckek claims the stranger walked with him toward the north side on the railroad track and attempted to hold him up. Tuckek says he threw the man down an embankment twice and then to save his own life had to hold the man's head under water until he ceased struggling. No weapons were found on the dead man. The police are investigating the affair.

Birmingham, Nov. 18.—The Post asserts today that a rough draft of the Anglo-American arbitration treaty has already been prepared by Lord Lansdowne and Ambassador Choate.

MOTIVE

For Murder of Frank "Caesar" Young

IS CAREFULLY GAUDED BY THE PROSECUTION

Sensation Expected in the Nan Patterson Trial.

PRETTY ACTRESS IS HOPEFUL.

Eighth Juryman Selected This Morning—Another Letter From Eye Witness of Shooting.

New York, Nov. 18.—When the prosecution supplies the motive for the killing of "Caesar" Young, for whose murder Nan Patterson the actress, is now on trial before Justice Davis, a sensation is expected. The district attorney's office has been peculiarly reticent about discussing the motive, but it was learned this morning that the district attorney would place on the stand witnesses who would give testimony from which could be woven a strong motive for the killing of the book-maker.

Mr. Rand said today that the evidence disclosed yesterday by a talesman, was examined last summer by the district attorney's office and dismissed because his testimony was found to be weak and unreliable.

"I have examined the man" said Abe Levy, counsel for Miss Patterson this morning, "and I found that he was an eye witness to the affair. He will be placed on the stand and will prove that Young committed suicide."

The contents of a letter received by counsel for Miss Patterson was made public today and disclosed the possibility of another eye witness to the killing. The letter was written in German and signed "L. Black." No address was given.

The letter said he (Black) saw Young in the cab with Miss Patterson and that he saw Young raise the pistol in his hand. He added: "I have kept quiet until now, because I thought you had other witnesses. * * * I am ready to take an oath on this for the sake of justice."

Miss Patterson came into court this morning almost radiant with confidence. She seemed an interested spectator rather than a woman facing the charge of murder.

Howard H. Risley, a retired jeweler, the fourth talesman examined today, was accepted as the eighth juror.

ONE DEAD

And Another is Dying—Burglars Fled When Two Detroit Patrolmen Approached.

Detroit, Nov. 18.—Patrolman John Daley was shot and instantly killed at midnight by an unknown man who escaped, and J. D. Pickell, special officer of the Michigan Central railroad, who ran to Daley's assistance, was also shot and is at Harper hospital, perhaps fatally injured. When Daley's dead body was found, his hand still grasped his revolver. Pickell was shot in the abdomen, the bullet passing through his body, coming out near the backbone. It is understood that Patrolman Daley found a white man and a negro effecting an entrance at the rear of a store at the corner of Wayne street and Michigan avenue. On approaching them he was shot down before he had a chance to use his own revolver. Officer Pickell, who happened to be nearby, was attracted by the shot that killed Daley and was shot by one of the burglars as they retreated.

MILLIONAIRE

Of Battle Creek Weds His Secretary After Former Wife Divorces Him.

Battle Creek, Mich., Nov. 18.—A quiet and unexpected wedding yesterday afternoon was that of C. W. Post, president of the Postum Cereal company, and the National Advertisers' association, a well known millionaire, to Miss Lella Youngs, his private secretary for the past five years. The bride is 26 years younger than the groom. Only four persons were present at the wedding besides the officiating minister, Rev. W. S. Potter. Post's first wife obtained a divorce from him two weeks ago. He did not make any fight against it. The couple have departed for Ft. Worth, Texas, to visit the parents of Mrs. Post.

WIFE ORDERED TO CON POETRY AND BIG WORDS

That She Might "Shine" in Society.

Queer Allegations Are Made in a Petition for Divorce in Chicago

Chicago, Ill., Nov. 18.—The efforts of William Palmer Armstrong to fit his wife to shine in society resulted disastrously. Charging that her husband compelled her to commit to memory pages of Webster's dictionary and many of Longfellow's poems, that she might erase her "unconsciousness" sufficiently to mingle with his "society friends," Mrs. Emma Palmer Armstrong says she is suffering from nervous prostration, and the statement is made that the husband has taken to strong drink.

Three weeks after their marriage, on December 24 last, Mrs. Armstrong asserts her husband declared she was "a stupid, foolish and ignorant person, lacking in good taste, good sense, and refinement, and ignorant of the amenities of cultivated society."

When the two were about to separate it is charged, Mr. Armstrong began his course of "home educational treatment."

He gave her as her first tasks, so Mrs. Armstrong says, the committing to memory of page after page of the dictionary. At the same time he insisted that she "learn by heart," Longfellow's "Evangeline."

Mrs. Armstrong asserts that she struggled with the task each day, to be submitted each night to a catechizing on her day's effort. Each night, she charges, the husband insisted on her repeating verse after verse she had studied during the day. Then he questioned her on the meaning of each word.

At these nightly "examinations," if she failed to spell, pronounce and define each word properly, Mr. Armstrong, she asserts, told her, in severe words:

"You are deficient in mental capacity, incapable, incompetent, ignorant and uncouth."

All of which, Mrs. Armstrong charges, led to nervous prostration, and now she asks the court to grant her a separate maintenance from her husband, who is so accustomed to "high society and its requirements."

Mrs. Armstrong adds that her husband "gave himself up to an appetite for strong liquor," that he brought liquor in to the house in large bottles and "consumed it in great quantities."

Mrs. Armstrong is only 19 years of age and was prominent in church work. The wedding of the Armstrongs at Central Park Presbyterian church last December was largely attended.

PANAMA COUP

More Serious Than Was at First Thought—Resignation of Gen. Huertas.

Panama, Nov. 18.—The treaty between the United States and Panama has prevented one more revolution in the isthmus. The rumored coup d'etat by the military elements, it seems, was more serious than it was at first thought to be. Minister Barrett, after a consultation with the Panama government and General Davis, commander of the canal zone, decided to ask Admiral Goodrich to leave one of the warships of the United States' Pacific squadron here to prevent any possible disturbance. Two hundred marines from Empire camp have arrived here. General Huertas, the minister of war, has announced his intention to resign, which will clear the political atmosphere. Though disturbances are not feared, in the present circumstances Panama is greatly excited.

MORE VICTIMS

Ralph Savoye and J. L. Smith Die of Injuries Sustained in Elmdale Collision.

Grand Rapids, Mich., Nov. 18.—Ralph C. Savoye and J. L. Smith, both of Grand Rapids, died of injuries sustained in the Pere Marquette rear end collision of passenger trains at Elmdale. These two deaths bring the total fatalities of the wreck to four. Clarence I. Pickett of Brookline, Mass., is reported to be in a critical condition at a Grand Rapids hospital, but all the other injured are reported doing nicely.

WOMAN'S SUICIDE

Philadelphia, Nov. 18.—Mrs. Mary Bounce, 31, committed suicide today by cutting her throat with a razor. Illness was the cause.

Pat Crowe is in Mexico City with a pocket full of diamonds. Omaha has been asked if he is still wanted there.

John Hocker of Bradock, Pa., was fatally hurt in a collision today.

BANK PRESIDENT IS HELD FOR EMBEZZLEMENT

Leighton is Given a Hearing at Lima.

A CINCINNATI WOMAN KILLED

Ohio Valley Improvement Association Elects Officers—Other Live State News.

Lima, O., Nov. 18.—President W. W. Leighton of the Lima Savings Bank & Trust company, was held to answer before grand jury for alleged embezzlement under bond of \$5,000. It was shown in the preliminary hearing that Leighton's personal obligations to the bank exceeds \$41,000, secured solely by stocks in three corporations now in the hands of a receiver, and further that on the day of suspension but \$23.50 was in the bank's vaults. The bank directors voted to make an assignment, thus further complicating matters. W. J. Davis was named assignee and gave bond for \$50,000. A motion will follow for the dismissal of the receiver.

Cincinnati Woman Killed.

St. Joseph, Mo., Nov. 18.—Mrs. August Goetzke, 74, a member of one of the oldest and best known families of Cincinnati, was killed here by being struck by a streetcar. Mrs. Goetzke was visiting her son, W. F. Goetzke, the accident occurring in front of his home. The car which struck her was going down a steep grade and could not be controlled by the motorman. Mrs. Goetzke was the widow of August Goetzke, who was city treasurer of Dayton, Ky., before his death. Mrs. Goetzke left several years ago to live with her daughter, Mrs. Charles Motterman, at St. Joseph. Henry Goetzke, a son, is a prominent druggist at Lockland, O.

Ohio Valley Improvement.

Huntington, W. Va., Nov. 18.—The Ohio Valley Improvement association elected officers as follows: President, John L. Vance, Columbus, O.; secretary and treasurer, J. F. Ellison, Cincinnati. Vice presidents: Ohio, Albert Bettinger, Cincinnati; H. A. Marting, Ironton; D. J. Sinclair, Steubenville, Kentucky; W. W. Hite, Louisville; W. A. Patton, Catlettsburg; T. A. Fowler, Paducah. Resolutions were adopted petitioning congress to improve the Ohio river to secure a 9-foot stage from Pittsburg to Cairo, to make appropriation for improvement and completion of work already begun, and to improve tributaries to a 9-foot stage.

Three Hundred Cottages Burn.

Springfield, O., Nov. 18.—Three hundred cottages on the Urbana Chautauqua camp grounds, 14 miles north of here, were destroyed by fire. Loss over \$10,000 and no insurance. The place was without fire protection and last summer by fire it lost its large hotel. How the cottage fire originated is a mystery. There are hints that it was of incendiary origin. The Chautauqua has been in operation for several years and a year ago had Colonel Bryan and Mayor Tom Johnson as the great attractions. It is not likely that the place will be rebuilt.

Will Attend Inauguration.

Toledo, Nov. 18.—The Railsplitters, the crack political drill organization of Toledo and a branch of the Lincoln club, will attend the inauguration of President Roosevelt. Although it had never attended a presidential inauguration until four years ago, it is now a settled policy of the Railsplitters to attend all inaugurations of Republican presidents as it has in the past those of Republican governors of Ohio and Ohio Republican campaign openings.

H. I. BUELL

Most Prominently Mentioned for the Position of City Civil Engineer at Zanesville.

Zanesville, Nov. 18.—For the position of city civil engineer to succeed Dr. C. H. Begman, whom the city council has decided to omit, the names of several engineers are being considered. Former City Civil Engineer H. I. Buell is considered the most likely man for the position, which because of the impending work on the important North-western sewer, and future planned improvements, has become one of more than ordinary responsibilities.

During Mr. Buell's service as city engineer, the town was noticeably free from damage suits and claims of angry property owners. Engineer Buell mapped out the greater part of the North-western sewer district, supervising the preliminary work and the drawing of the profiles for the big sewage system. His work was found to be faultless and it is believed that he is more familiar with the details of the sewer than any other one man. Mr. Buell has been prominently considered for the position, and if arrangements agreeable to him are made, he may be named.

E. H. Smith, a Harvard graduate, is also prominently mentioned for the place. Mr. Buell is the son-in-law of Mr. W. N. Fulton of Newark.

Pittsburg, Pa., Nov. 18.—"Now, I mustn't talk and you mustn't ask me anything for if I say a word, I'm to be spanked. My lawyer said he would use his slipper if I say a word."

Laura Higgin, prettier than ever and looking plump and rosy, threw up her hands in dismay as she was accosted while stepping out of the Colonial hotel.

"I've been here a week, but I can't talk about it, you see. What am I doing here? Well, I've been taking in all the theatres back of the scenes. It's awfully fascinating, you know."

"You intend to go back to the stage then?"

The woman who charmed the late millionaire Bennett, of Pittsburg, shrugged her shoulders. She is here now to settle up the Bennett estate.

Satisfactory Piano.

Mr. J. D. VanAtta, No. 70 East Main street, Newark, Ohio.

My Dear Mr. VanAtta.—Allow me to thank you for the beautiful Baldwin Grand Piano furnished for the Y. M. C. A. course yesterday. It was indeed a delight to play on this instrument, and I appreciate its beautiful tone and touch more than I can tell. I am sure the piano had a great deal to do with my success. Without a good piano it is hard to get any effects of tone and touch best. On the piano I had I could do anything I wanted. Very truly yours,

The Yale-Harvard Game

Both Teams Ready For Great Battle—Harvard Looks Like the Loser—Piekarski, Penn's Great Left Guard. Gossip of the Game.

The Yale-Harvard football game at New Haven is the one engrossing topic among eastern followers of gridiron affairs. Yale is prepared for a mighty battle, and Harvard, less confident of victory, will fight to the last five yard line.

Yale will probably defeat Harvard. The crimson aggregation has been playing in hard luck and in poor form thus far, and there is no reason to suppose at this late date that a brace can be taken that will enable Harvard's team to win against Yale's sturdy warriors.

Can't Stop the Yale Backs.

Harvard will be stronger, of course, than when she suffered defeat by the University of Pennsylvania, but she will not have the strength to resist the cannon ball rushes of the heavy Yale backs and the fearful momentum of the Yale tackle's back formations.

Penn's Great Left Guard.

Piekarski, the powerful and speedy left guard of the University of Pennsylvania eleven, has won a place on all America's team for 1904. His wonderful work against Harvard did much to win for the Quaker team.

Piekarski played on the Pennsylvania team of last season, when he gave indications of the brilliant work he has done this year.

In spite of the fact that he is a guard Piekarski is frequently called on to ad-

vance the ball. Considering his weight—190 pounds—he is a remarkably fast runner.

Daylight and Football.

Daylight is one of the chief essentials of outdoor sport, and football is no exception. Consequently in fixing the hour for beginning a football contest allowance should be made for the constant delays which inevitably prolong every gridiron match and the time set early enough to insure finishing the match before sunset.

After sunset the gathering darkness gives to the team which has pos-

sion of the ball an unfair advantage over its opponents on account of the difficulty of selecting the proper runner to tackle and the likelihood of working tricks which would be more easily detected in proper light.

The Chicago management in scheduling a recent game to begin at 2:30 o'clock against Illinois' advice made a mistake of half an hour at least, for the closing ten minutes of the second half occupied fully that amount of actual time on account of the frequent delays.

And during that time there was dan-

ger of a kinds of fukes. Days are short at this time of year, and the average football enthusiast could attend a game which began at 1 o'clock as well as an hour or two later.

Different Football Methods.

The overthrow of Yale by West Point and the humiliation of Princeton at the hands of the middles have given rise to much speculation among the followers of football.

In the west such happenings at this stage of the season would mean woeful weakness on the part of the big teams. Nothing serves better than this to emphasize the difference between the theories on which eastern and western elevens are coached.

The former have at most only two "big" games to prepare for, while in the west a series of four or even six championship contests is often played by the large teams. In the east, therefore, the full strength of the college team matures more slowly than would be possible for teams occupying corresponding positions in the west if the latter wished to maintain their prestige.

The smaller teams, on the other hand, are worked to a high degree of perfection early in the season, and the Yale and Princeton catastrophes are examples of the results. It all goes to show that if the old system is adhered to the "big four" will soon be a myth in eastern football.

Look Out For the "Minors."

A team which schedules games with other elevens nearly its own equal in weight and strength and often its superior in the matter of coaching cannot expect to make a clear record for the season unless more attention is given to the so called "minor" contests.

When practice games result in the defeat of the team which is being "practiced" they are more than mere preparatory contests. A victory in the most important game, while it may vindicate the strength of the large team, cannot remove the black eye a defeat at the hands of a smaller team gives it.

Either the smaller elevens must be regarded with more respect by coaches of the larger teams or the famous "big four" must pass away.

The Fullback.

The "free lance" of a football team is

the fullback. He is the man who should be most envied by players and spectators alike. The fullback has more liberty or independence than any other gridiron player. When the opposing team has the ball he wanders where he chooses, backing up any old portion of his own line that he considers weak. He can change his position to suit himself, while his comrades must remain in one spot until the ball is passed. When his own side has the ball the fullback has the choice of a varied assortment of plays. He is sent through either the right or left wing, as signals may indicate, or he may be called on to kick. Yes, the fullback has a job with a bright side to it, and so long as he is capable he should not wish to change positions with any other man on a team.

TITLED FOOTBALL PLAYER.

Count de Mores of Paris, a Favorite at Yale.

Count Louis M. de Valtombrosa de Mores, the first titled foreigner to try for a position on the Yale varsity football squad, is now in his second year in the Sheffield Scientific school at the New Haven university. He is a member of the most exclusive society of the school, the Cloister, with a reputation as one of the most popular members of the class of '06 S. Although the count, as he is called by his friends, has spent several years in study in America, he retains many of the mannerisms of the Parisians, among whom he was born and brought up.

He is of distinguished appearance and athletic build. He is five feet eleven inches tall and weighs 108 pounds. A large, good natured face and a very genial smile, combined with a decidedly democratic manner, have won for him a host of friends since he entered Yale a year ago.

His genuine interest in the athletic prowess of Yale and his apparent determination to make a place for himself in the athletic world of the university won for him more approval at the hands of the bunch of Yale friends that came to know him well than his money or social position.

He was in training the greater part of last year and was one of the most faithful members of the freshman football squad. Even when he found that he had no show for making the team he still stuck to the training until the end of the season. When the call for candidates for the freshman crew was issued Count de Mores was one of the first to respond, but he failed to "make" the eight.

DENISON

Is Working to Capture Game Tomorrow and Also the One in Newark Thursday.

Granville, Nov. 18.—Denison wants the next two games badly and every precaution will be taken that overconfidence may not take hold of the men, as was evident in some of the games Otterbein will be played at Westerville next Saturday and O. W. U. at Newark on Thanksgiving day. A very hard game is not wanted just before the struggle with Ohio Wesleyan, but Otterbein has played a strong game this season, so Stanton is working his men hard and will run no chance Saturday. Coach Stanton taught his men a couple of new trick plays on Monday and Tuesday. The varsity lined up against the scrubs some and tried to perfect these new plays. They worked satisfactorily, but as the second team men knew just what play was coming they did better in breaking the plays than in a regular game. It is now hoped that Craven, the fast left end, will be in shape to play in the Thanksgiving day game. He is rapidly mending and may be in the Otterbein contest.

Harvard Athletics Pay.

Boston, Nov. 18.—Graduate Manager Robert Ernest of the Harvard Athletic association has issued his financial report covering the college year 1903-1904, and it shows that football is the most lucrative sport, the profit for the year being \$57,223.30. The heaviest loss is against the crew, which has a balance on the wrong side of \$6,481.52. The track team only lost \$553.62, while university baseball made a profit of \$4,035.19. The credit balance for the year is \$33,057.51.

Lon Dillon Falls Down.

Memphis, Tenn., Nov. 13.—C. K. G. Ellings' Lou Dillon, for the second time within the last two days, failed yesterday afternoon to beat her recently established record of 2:01, regarding which time a controversy has arisen. Accompanied by a runner, the trotter, driven by Millard Sanders, her trainer, stepped the mile in 2:03 flat. The track was slightly improved over Wednesday and the weather ideal. Time by quarters: 31 3-4, 1:01 1-4, 1:31 3-4, 2:03.

BOY WITH GUN

Holds Posse at Bay—In Revenge Shot Merchant in Illinois and Then Defied Arrest.

Chicago, Nov. 18.—After he had shot and probably fatally wounded Conrad Baxman in the yard of the latter's home at Bartlett, Ill., Wm. Pollworth, 20 years old, barricaded himself in the home of his mother, a short distance from his victim's place of business, and for several hours defied a score of citizens who had surrounded the Pollworth house in an effort to capture the youth.

Pollworth used a shotgun and a revolver to keep the crowd from forcing an entrance to the house. All sorts of schemes were resorted to to reach the boy, but each attempt was futile, as he threatened to shoot anyone who came within a hundred yards of the place.

It was not until Sheriff Barrett of Cook county had been asked for aid and had sent 15 deputy sheriffs to Bartlett that Pollworth threw away his weapons and surrendered to the local authorities.

Baxman, who owns a general store in the village of Bartlett, said that the only explanation he could offer for the shooting was that several years ago he had informed Pollworth's mother of some boyish tricks the youth had been implicated in and that since that time Pollworth had held a deep hatred for him.

Mr. Baxman was shot while returning home for dinner. He had just entered the yard surrounding his house, when Pollworth suddenly confronted him with a shotgun, and without a word of warning, pulled the trigger twice. Both shots took effect and Baxman fell to the ground unconscious.

The shots attracted a crowd of citizens, but Pollworth had disappeared, and it was not until Baxman had been restored to consciousness that it was known who had fired the shots.

Pollworth is believed to be mentally unbalanced. One year ago he was sent to the Bridewell for a year on a charge of shooting his brother Henry over a trivial matter.

GOT SORE

When Denied a "Parade" Permit for a Gent Willing to Roll a Peanut With His Nose.

Pittsburg, Nov. 18.—Unless the city of Pittsburg, represented by Harry Moore, Director of Public Safety, issues a permit which enable Joseph Dain, a respected citizen to roll a peanut along the sidewalk 400 yards with his nose, James S. Latus, of 6428 Penn avenue, says he will sue the city.

Latus and Dain made a bet on the election, the loser to roll the peanut with his nose along the street, but the police have put up the bars against paying freak election bets in public, claiming it interferes with pedestrians and stopped trolley cars. So when Dain came to fill his obligations he was stopped and Latus was wrathful.

Latus took advice from a lawyer and later applied for a permit to give a parade. He was asked the object and admitted that Dain pushing the peanut with his nose would be about all. Director Moore refused to issue a permit, and Latus in a rage, left the office, vowing: "I'll have the law on the city."

A. A. Hansen, of Minneapolis, champion 1000 mile bicycle rider of the world, says he was troubled for years with rheumatism and with pains below the shoulder blades. He used Hamlin's Wizard Oil and three bottles entirely cured him. 50c at all druggists.

OBITUARY

REV. L. H. MITCHELL.

Rev. L. H. Mitchell, D. D., brother of Dr. J. A. Mitchell of this city, died in Chicago at the Physicians and Surgeons Hospital, on Thursday afternoon at 1 o'clock, and the remains will be brought to Newark and the funeral take place from the residence of Dr. Mitchell, 69 North Third street, on Saturday afternoon at 2 o'clock, the services being conducted by the Rev. T. A. Cosgrove and Rev. T. L. Kiernan. The interment will be made in Cedar Hill cemetery.

The deceased was born in Baltimore, O., on February 2, 1846, and the greater part of his young life was spent at Apple Creek, O. He graduated from Wooster University in 1872, and studied theology at McCormick University, Chicago, and Union Seminary, N. Y. He has been engaged in the ministry for over 30 years and during all that time has labored in a few times to occupy his pulpit on Sunday. His first charge was at Colvarville and Dakota, Ill., where he was pastor of the Presbyterian churches. From there he went to Portage, Wis., and while stationed there was married to Miss Julia Davis on May 14, 1879, at Columbus, Wis., who survives him. For twelve years he was stationed at Blue Earth and Rochester, Minn., and for five years was pastor in the Chicago Presbytery.

On account of ill health he went to Pasadena, Cal., where he remained for four years. During his stay in Pasadena, he built a fine church at Altadena, Cal., and was engaged in doing supply work in Southern California.

The title of Divinity was conferred on the deceased by the Wooster University in 1893. This was unsolicited and undesired by him.

Last August he, in company with his wife, came to Newark for the benefit of his health, and she has been his faithful attendant and comforter during his stay here.

I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm and after a few applications all soreness had disappeared. I feel that his bottle of Pain Balm saved me several days' time, to say nothing of the suffering." This liniment is for sale by all druggists.

A RAMBLE IN RUSSIA. In the farming districts of Russia it costs 38 cents to hire a horse for one day and 34 cents to hire a man.

A lieutenant in the Russian army is paid about \$200 a year, a captain about \$300 and a major \$450. Kuropatkin is getting \$100,000.

The Russian customs law imposes a fine of two-thirds the regular duty on imported goods the quality of which has been misrepresented.

A gold collar with a medal of Notre Dame des Dunes has been sent to the czar of Russia by the fishwives who presented a golden fish to the czarina four years ago and promised to pray that a son should be born to her.

When the present czar was czarowitz he was attacked by a fanatic in Otsu, Japan, and two jirikiasha men assisted in rescuing him from his assailant. They have received a pension from Russia ever since. This year it was forwarded to them as usual, much to their surprise.

The Question of Tariff Revision.

(Pittsburg Post.)

President Roosevelt has been consulting the leading Republican members of Congress as to the advisability of calling an extra session of the next Congress to revise the tariff. He himself is on record as to the desirability of such revision, but is said to have an open mind as to when the task should be undertaken. The opinions thus far received by him are said to be strongly averse to the idea of an extra session. It is urged that the people by the great majority they gave the Republican party at the last election signified their entire approval of existing conditions, including the stand-pat policy on the tariff. Business, they claim, is good and improving, and there is therefore no reason for legislating at this time to better it. One idea advanced is that a commission shall be appointed to report upon the necessary changes to be made in the tariff schedules, which commission could have its conclusions ready for action at the first regular session of the new Congress in December, 1905.

It seems probable that the President will be influenced not to call an extra session, and it would not be strange if he should agree to the commission idea. The people who remember that the last tariff commission effected nothing, but that although it was appointed to report a reduction of the tariff Congress actually increased duties, will be disposed to look with some suspicion upon the idea of appointing another. President Roosevelt, however, will probably not be content to ignore the question of tariff revision altogether, and we may expect that he will say something about it in his message next month. Further than that, whatever action he may approve he will in all likelihood insist upon being carried out. He is shrewd enough to perceive that a revision of the tariff schedules cannot be much longer delayed without danger not only to the business interests of the country, but also to those of the Republican party.

There is a large number of Republicans who are strongly devoted to the system of protection, but who clearly perceive that many existing duties are much too high, and that if they are not lowered to a proper figure the effect will be highly inimical to the cause to which they adhere. They know that unless the Republican party attempts a revision the people will in a few years commit the task to the Democratic party. The stand-pat-for-ever policy which some Republican members of Congress appear to favor means the sure doom of protection, and the latter's shrewdest advocates are anxious that it shall not prevail. If they have the backing of the President they are likely to prevent it from doing so.

A friend of Senator Foraker is credited with having asserted that the latter will be a candidate for governor of Ohio next year. This is certainly a most interesting statement if true. Why Senator Foraker should want to give up his present position to become governor, an office which he filled years ago, is not clear, except upon the assumption that he deems himself the only Republican who can defeat Governor Herrick for renomination. The latter is just now the target of considerable criticism, and if Senator Foraker should enter the field against him he would have a hard road to travel for renomination.

Although Governor Peabody of Colorado was defeated by about 10,000 majority, he is said to be contemplating an attempt to hold on to the office he now occupies for another

term. It is said he will claim that he was defeated by fraudulent practices. In the event of his attempting to retain his office serious trouble is feared and civil war is threatened. Governor Peabody is reputed to rely upon the support of the National guard of the State, while the miners threaten to come to the support of the Democratic candidate with arms in their hands. The majority against Governor Peabody is so large that there will be little disposition to give credence to his claim of having been honestly elected, and it is to be hoped that after he has had time to get over the disappointment caused by the election he will give no countenance to a program which must inevitably have most deplorable results for his State if carried into effect.

QUESTIONS

DIRECTED BY PASTOR TO MEN WHO DON'T ATTEND CHURCH.

Two Hundred Answers Received—A Summary Will be Given at Church Next Sunday Evening.

At the Sunday evening services in the First Presbyterian church on the 26th inst. the opinion of 200 men of Newark concerning men and the church will be given by the pastor, Rev. L. S. Joyce.

Mr. Boyce a few days ago sent out over 200 circular letters to men who are not in the habit of attending church regularly. Many were sent to men who seldom, if ever, go to church. These questions were asked:

1. Is it because the work of six days is so strenuous that the Sabbath must be given to rest and sleep?

2. Has the wonderful activity of every day life so absorbed their attention that they are thoughtless and indifferent?

3. Is it because the subjects considered in the average pulpit are not interesting?

4. Is it because the pulpit is too feminine—not considering the great doctrines and prevailing evils with manly courage?

5. Is it because of a belief that the church has not been true to the Bible?

6. Is it because of a belief that a man can not be successful in these days and observe the strict moral teachings of the Bible?

7. Has the hypocrisy of some church people caused them to lose reverence and respect?

8. Has the recent revisions and criticisms weakened their faith in the Bible?

9. Is it because the church is not more social?

10. Is there a popular belief that the time can be spent more profitably at home in reading good books?

11. Is there a prevailing belief that the lodge, club or other organizations are sufficient without the church?

Please give other reasons not suggested above. Please describe the kind of service you would like to attend on the Sabbath. Please give a number of themes you would like to hear treated in Sabbath evening meetings. Please make any suggestion you think wise concerning men and the church. Would you be willing to attend a meeting on Sunday evening, November 29, to hear a summary of these answers?

Accompanying this circular letter was another in which the writer expressed his reason for seeking public opinion and stating that all answers would be received in confidence and used only for the impersonal summary on Sunday night. Two hundred men have replied and Mr. Boyce will on Sunday night give the result of his inquiry.

CANNOT COUNT RETURNS

Decision is Made in the Colorado Election Case.

Denver, Col., Nov. 18.—The Supreme court has reaffirmed its decision that it has the right to take jurisdiction of the last election, and the hearings of the 27 election officers charged with fraud were begun.

The court also decided that the election commission in making the Denver count, must use the written count of the election judges and cannot count the tallies.

It is generally believed here that Alva Adams, the Democratic candidate for governor, has been elected by more than 10,000 plurality. However, the contest started by Governor Peabody is causing surprises. It is claimed that Peabody gained 1,000 votes on the count of the outlying districts. The Democrats allege wholesale fraud and more suits are being talked of.

TEACHERS

Are Now Keeping House in the School Where They Were Exposed to Smallpox.

Toledo, O., Nov. 18.—Misses Rene Pelton and Bertha Cranker, Washington township schoolteachers, were employed in the Jacoby school when a case of smallpox developed. They determined to remain in the school house under quarantine rather than go home and expose members of their household. Provisions were sent and they set up housekeeping in a small way.

The suburb of West Toledo in the same township, is just now in the throes of a smallpox epidemic, there being 16 cases. Yesterday the city tendered the trustees the use of the city contagious disease hospital in an attempt to stop the further spread of the disease.

Joseph Harrington of New York City Saved from Pneumonia by Father John's Medicine.

Some time ago, I was attacked with a severe cold and rough which nothing seemed to relieve. It grew steadily worse until I was told that my trouble was likely to develop into pneumonia. A neighbor who had used Father John's Medicine with very satisfactory results brought me part of a bottle and advised me to try it. I did so and within a short time I could see that it was helping me. I continued to use it until I was entirely cured. My wife has used the medicine for throat and lung troubles with excellent results and so have many of our friends to whom we have recommended it. THE RAILWAYS

OFFICIALS BEFORE INTERSTATE COMMERCE COMMISSION.

McCarthy Tells of Man Who Went Through Big Fire—Local and General News.

Chicago, Nov. 18.—Many reasons were offered by railroad officials at a hearing of the interstate commerce commission on cattle rates why the present rates on livestock should be maintained. According to the testimony of C. F. Resseque, district general superintendent of the St. Louis & San Francisco road, cattle taken from Texas to the northern ranches are so poorly fed that some of them are unable to stand on their feet while the train is in motion, and many of them die in the cars. Mr. Resseque declared that the railroads were held responsible for the safe delivery of these animals and therefore were compelled to pay heavy damages to the shippers.

He Went Through the Fire. The Cincinnati Commercial-Tribune says: O. P. McCarthy, general passenger agent of the B. & O. railroad, has returned to this city from a business trip to New York. On his way back he stopped in Baltimore, and of an incident he learned there he thus speaks: "In the financial district destroyed the vaults were found intact. In the Continental Trust Company building it had been the custom to lock a watchman inside the vault Saturday night, with food enough to last him until Monday morning. When the fire occurred the time lock prevented his rescue. He stayed there during the progress of the fire, while the building burned and other buildings fell about it. The debris was too hot to enable any one to reach him until Tuesday morning. When the vault was unlocked he came out smiling."

Frightened by an Engine. A brakeman did a very foolish thing on Thursday in driving through the B & C yards with a horse and buggy. He was accompanied by his wife and little

child, and it is a wonder that some one was not killed. He drove in front of the yard office and left the horse standing, with his wife and child in the buggy, while he went into the office to transact some business. During his absence an engine came along and frightened the horse, which started to run away. Fortunately the horse was stopped before he had run very far.

The Western Passenger Association has granted a rate of 1 cent a mile for the Grand Army encampment to be held in Denver next summer.

Railway Brevities.

The B. & O. pay checks will arrive here Saturday morning on No. 7. General Passenger Agent of the B. & O. shops at Chicago Junction, has tendered his resignation.

WEDDING

OF DR. DOUGHERTY AND MISS EVANS AT GRANVILLE.

Guests Present From Newark, Columbus, Greentown and Several Other Points in the State.

Granville, O. Nov. 18—One of the prettiest weddings that has taken place in this old college town for a long time occurred here on Thursday evening, when Dr. J. B. Dougherty of New Berlin, O., a graduate of the class of '01 O. M. U., Columbus, and Miss Jeannette R. Evans, daughter of the late Mr. and Mrs. Thomas Evans, of Emporia, Kansas, were married at the home of the bride's grandmother, Mrs. Ralph Granger, corner of Broadway and Pearl streets. The marriage of these two young people was the culmination of a pretty romance, which had its inception in the Protestant hospital of Columbus, of which the bride is a graduate and where she became acquainted with Dr. Dougherty, while he was an interne at that institution. The acquaintance thus formed grew into love and their marriage on Thursday night was but a natural result.

The ceremony took place promptly at 8 o'clock, and as the strains of the beautiful Lohengrin wedding march, skillfully rendered by Miss Margaret Watkins, filled the rooms, the handsome groom, accompanied by his best man, Dr. Clark Hatch of Columbus, entered the parlor, followed by the charming bride and her maid of honor, Miss Martha Jones, of Columbus, a cousin of the bride. The happy couple at once took their places under a canopy of green, with ferns banked up behind, and Rev. Mr. Latrop, pastor of the Granville Baptist church, in the presence of the contracting parties, pronounced the mystic words that made them man and wife, using the beautiful ring service.

The bride was dressed in white chiffon, with veil caught up with orange blossoms, while the maid of honor was attired in a gown of green mousseline, and the groom looked happy and proud in the conventional black.

Splendid music was rendered by the Phi Gamma Delta orchestra.

At the conclusion of the ceremony and after the congratulations of all present had been showered on the bride and groom a delicious wedding supper was served.

The bride's table which was occupied by the bride and groom, the best man and the maid of honor, was decorated in pink, lighted with candles with pink shades and set off with beautiful pink chrysanthemums.

The put-off-town guests were as follows:

Columbus—Dr. Wm. Lloyd, Dr. Dodd, Dr. and Mrs. Sturman Leach, Misses Johnson, Churchill, Ellis, Hieuwinkle and Marriott.

Greentown—Dr. and Mrs. Dougherty, father and mother of the groom; Dr. L. E. Dougherty, brother of the groom; Master Lewis Dougherty, brother of the groom.

Canton—Mr. and Mrs. C. A. Dougherty.

Newark—Dr. and Mrs. C. A. Hatch, Dr. and Mrs. Sedgewick, Mr. and Mrs. McKinney.

Hebron—Mr. and Mrs. C. A. Pence.

Springfield—Mrs. Clyde Tuttle.

Dr. and Mrs. Dougherty left this morning for Springfield, O., where they will visit friends and relatives for a few days when they will go to New Berlin, O., where they will make their future home and where they will be accompanied by the best wishes of a host of friends for future happiness and prosperity.

The funeral will occur Saturday afternoon at 2 o'clock at the home of his daughter, Mrs. Rose.

TWO GIRLS

Arrested at Zanesville on the Charge of Stealing a Horse and Buggy at Coshocton.

Zanesville, O. Nov. 18—Pearl Elson and Clara Potter, alias Neades, were arrested yesterday by the police wanted in Coshocton for alleged stealing of a horse and buggy from Lloyd Poreck. Only a few hours after word was received in this city the two women were under arrest, through the prompt action of D. R. Coyle.

A little after midnight the pair drove into Coyle's livery barn, in Fountain alley, where a night's lodging for the horse was asked. The two were said to have offered the chestnut horse and runabout to Coyle for \$50. The action was immediately suspected. The police were notified. They are said to have offered the rig for sale at Dresden.

YOUNG GIRL

From Newark Locked Up at Columbus Prison and Lick Was Also Arrested.

Carrie Denman, aged 13 years, whose parents reside in Newark, was locked up at the Columbus police station on Wednesday evening at the request of Superintendent Edgerton of the associated charities, who was under the belief that the girl was brought to this city for immoral purposes and that such a precaution would be the wisest to save her.

The girl said she came to Columbus with a man named Locke, to work at the home of his grandmother, \$51 Barimore street, at \$1 a week, but that the grandmother would not allow her to stay there. She says she came with the consent of her parents.

Locke was later locked up by the police for investigation upon the strength of a story told to the police authorities by the girl.—Columbus Dispatch.

The Centerburg company is moving the derrick from Pickering No. 2 to Wm. Bottomfield.

A well is being commenced on the Van Fossen farm, which will be the furthest west of any in this field.

The Central Ohio drilled in on the Baxter farm just south of Brandon, Friday, and got a well good for three millions.

The Central Oil has filed leases on eleven parcels of land in Granville, Liberty and McKean townships, aggregating 743 acres. All are at \$1 per acre, except a few of the smaller pieces which are a trifle higher.

The Logan company has commenced work on the test for oil on the By-stone farm close to Bladenburg, and have set stakes on the Hall and the Porterfield leases. If other producers as good as the McKee well are found, the Standard Oil company will run a pipe line out to bring the oil to the railroad.

A new company, with the title of "The Morgan Oil and Gas Company," was incorporated in the office of the secretary of state on Monday, with authorized capital of \$10,000. The application papers were signed by F. H. Huntsberger, C. N. Trotter, E. S. Campbell, D. B. Grubb and H. S. Campbell. The general office will be at Mt. Vernon.

The Bennington company last week elected a board of directors, which convened and chose the following officers: President and general manager, F. H. Huntsberger; vice president, A. A. Dowds; secretary and treasurer, D. B. Grubb. The company is about to start its seventh well. Those it has drilled average better than any other company's.

A GREAT SUNDAY MAGAZINE.

L. Gervoy, who conducts the department of "harness horses." The comic section and other entertaining departments round out this mammoth Sunday magazine to the entire satisfaction of its readers.

Bowers & Criss

Messrs. E. C. and D. S. Criss of the firm of Criss Brothers, undertakers, wish their friends to know that since the consolidation of their firm with that of Bowers & Bradley, they may be found at 32 South Third street at the old Bowers & Bradley headquarters where the new firm of Bowers & Criss will be located.

HOSE! HOSE!

Very trifling difference in spelling but when you get it on your lower extremity it's all the difference in the world; the former usually painful, the latter comfortable and durable. When you wear the — we don't mention the brand but it is so well known that the name insures the comfort and service.

Men's assorted all wool 1-2 hose, worth 25c15c

Child's assorted black wool, worth 25c15c

Infants' colors wool, worth 25c15c

School hose, wide or narrow rib for boys or girls, worth 25c15c

Ladies' fleeced, worth 15c, 15c-25c

Ladies' fleeced, worth 25c15c

Ladies' Lisle, worth 25c15c

Ladies' all wool, worth 25c15c

Ladies' all wool worth 50c25c

Ladies' fine wool, worth 50c25c

While this lot is a special brand, none are sold as perfect goods, even if you cannot find a defect in them. It may exist. The machine may have missed a stitch and that would bar the hose from "stamping and shipping," but they are the best values you ever had, and your money back if you say so. You can get 2 pr. for 1. WEDDINGS.

BRANDON-WILLIAMS.
 Miss Louise Brandon of Mt. Sterling, was married at 6 o'clock Thursday evening to Mr. Noah Williams, a carpenter contractor of Mt. Sterling. The wedding was witnessed by a large number of friends and relatives and after the ceremony a wedding supper was enjoyed. Both young people are very popular in Mt. Sterling and they will reside at that place. The bride formerly lived in Zanesville.

DAVIS-STEWART.
 The many Newark friends of Miss Pansy Stewart, daughter of Mr. and Mrs. John Stewart, of 56 Buena Vista street, were agreeably surprised to learn that she had been married to Mr. Clarence Davis, a well known young man of Hebron, on Wednesday night. After the ceremony the young couple returned to Newark and imparted the pleasing intelligence to the parents of the bride that they were man and wife. The parents, although greatly surprised, made the best of the situation and received the happy couple into their home with open arms. The bride is a charming young woman, and was formerly one of the operators in the exchange of the Newark Telephone company, but for some time past has been a clerk in Meyer & Lindorf's dry goods store. The groom is a pipe fitter by trade and for some time has been employed in Columbus. For the present they will make their home with the parents of the bride.

FRENIER-SANDERSON.
 At the Lutheran parsonage 147 Hudson avenue, Thursday evening at 7 o'clock, the Rev. J. C. Schindel united in marriage Mr. Marvin S. Frenier, a popular B. & O. fireman and Miss Clara M. Sanderson of this city. Mr. and Mrs. John A. Bales accompanied the young couple to the parsonage. Mr. and Mrs. Frenier, who are now receiving the congratulations of many friends will live at 151 South Second street.

Chicago Teamsters Strike.
 Chicago, Nov. 18.—If the determination of the leaders in the strike of the furniture teamsters is carried out, one of the bitterest fights that has taken place in recent years in the local labor world is predicted. Twenty-three teamsters are out, 250 more have been called out, and other teamsters may be called out for a sympathetic strike. The strike opened with rioting and fighting in the streets, and more trouble is predicted, as the furniture dealers say that they will continue to make deliveries with non-union drivers and it is expected that the wagons will be attacked, as soon as they appear in the streets even though guarded by the police.

Fear Starvation.
 Boston, Nov. 18.—The American board of missions received a cablegram from W. W. Feet, its treasurer at Constantinople, announcing that the people in the vicinity of Adrianople in Macedonia, are suffering terrible distress, death by freezing and starvation staring them in the face. At the time of the disturbances last year from 12,000 to 20,000 fled from Adrianople into Bulgaria. The population of many Turkish villages also fled to other parts of Turkey. These people have returned to find their homes in ruins, nothing remaining but the bare land.

Fought Off a Crowd.
 Chicago, Nov. 18.—After he had shot and probably fatally wounded Conrad Baxman in the yard of the latter's home at Bartlett, Ill., William Pollworth, 20, barricaded himself in the home of his mother, a short distance from his victim's place of business, and for several hours defied a score of citizens who had surrounded the Pollworth house in an effort to capture the youth. Pollworth used a shotgun and a revolver to keep back the crowd. It was not until Sheriff Barrett of Cook county, had been asked for aid and had sent 15 deputy sheriffs to Bartlett that Pollworth threw away his weapons and surrendered to the local authorities. Pollworth is believed to be mentally unbalanced.

ciates and acted on her suggestions. Mrs. Folk was Miss Gertrude Glass, and she and her husband were school companions in Brownsville, Tenn. When she was eight and he was nine they used to trudge to school together. After entering the bar and finding some clients the future prosecutor of "boodlers" asked of Miss Glass the important question and received an affirmative reply. They were married in 1896. She is a woman of much culture and varied accomplishments.

LOOKED LIKE DEPEW.

King Daddu of Babylon the Double of the New York Senator.
 It has been discovered that Senator Chauncey M. Depew bears a striking resemblance to an ancient monarch of the Babylonians, King Daddu, or Da-

STATUE OF KING DADDU.

Udu, who ruled nearly 6,000 years ago. The statue of this potentate of a hoary antiquity was dug up recently in Babylon by Professor Banks of the Chicago university's Assyrian expedition, and it is declared to be the oldest sculptured figure of a monarch in existence. In comparison with the sculptural relics of classic Grecian times are modern productions. When the statue's face was uncovered it seemed to light up with a smile which proved King Daddu to have been the funmaker of his age.

in her perfect olive complexion, abundant dark hair, fascinating eyes and finely molded features and figure.

Her marriage to Mr. Thaw was reported in London, but he did not confirm the report on his arrival in this country. It is believed he wished to defer such an announcement until he had reconciled his mother to the union, thus avoiding the risk of losing an income of about \$80,000 a year from his father's estate.

THE W. C. T. U.

At the last meeting of the W. C. T. U. the devotional services were in charge of Mrs. Rachel Anderson and a profitable half hour was enjoyed by many.

This being the anniversary of Frances E. Willard the superintendent of Red Letters Days had charge.

Mrs. Pineo, of the Z. M. C. A. was present and addressed the meeting on the life and customs of this good woman. Her talk was very much enjoyed by all who heard it.

Miss Alice Dure was elected superintendent of Anti-Narcotics.

It was decided to change the hours of meeting this winter from 2:30 to 2 o'clock.

Next Tuesday a praise and Thanksgiving service will be given which will be in charge of the press superintendent. All are invited.

The meeting closed by singing "Blest Be the Tie That Binds," and prayer by Mrs. King.

Dandelions in Bloom.

Coschock, Nov. 18.—Dandelions are in full bloom on the terraces of Main street, on the slope of the hill. The yellow blossoms have probably mistaken the time of the year and are laboring under the delusion that spring has arrived.

Charged With Arson.

Zanesville, O., Nov. 18.—Moody Devine was arrested here on charges of arson preferred by Deputy Fire Marshal Morgan. Devine is alleged to have set fire to two houses in this city. He was only recently released from the penitentiary, where he served time for counterfeiting.

Conductor Killed.

Steubenville, O., Nov. 18.—John W. Barber of Wheeling, a Panhandle freight conductor, was killed at Burgettstown. He was swinging off his caboose to make repairs when passenger train No. 21 struck him.

Found Hanging to a Limb.

Wooster, O., Nov. 18.—The body of Peter Ruckmalt, 70, who disappeared from his home near this city six weeks ago, was found hanging to a tree in the woods. No cause assigned for the suicide.

Monetary reform in Mexico.

Mexico City, Nov. 18.—President Diaz, after listening to the opinions of members of his cabinet council, approved the plan of Finance Minister Limantour for monetary reform and ordered that a bill be sent to congress. The bill will be preceded by a long exposition by Finance Minister Limantour explaining the reasons and the chief features of the project. The money medium will continue to be the present silver dollar with its weight and fineness unchanged, but its gold value will be fixed at the equivalent of 75 centigrams of the yellow metal, putting it on a level with the United States half dollar in value.

A BAD DISORDER

In the fall of 1895 I contracted that fearful disease, Blood Poison. It gained such headway that I was forced to resign my position and seek relief at Hot Springs. After spending all the means I had I went to Memphis. In less than three weeks I was in a hospital, and after nine weeks of suffering I was discharged as cured. In less than a month every bone in my body seemed to be affected and felt as if they would break at the least exertion. Again I was compelled to resign, and I returned to the hospital for a seven weeks stay. When I came out I was advised to try farming. When I first went on the farm I prevailed on the only firm who handled drugs to get me one dozen bottles of S. S. S. At that time both of my hands were broken out with blisters and I was covered with boils and sores. In the meantime my druggist had gotten two dozen bottles of S. S. S. for me and I began its use, and after taking the thirteenth bottle not a sore or boil was visible. R. B. POWELL, East 9th St., Little Rock, Ark.

Of all human diseases, Contagious Blood Poison is the most hideous and hateful. The victim is tortured with eating ulcers, sores and abscesses, unsightly blotches, eruptions and other symptoms of the miserable disease. S. S. S. has been used successfully for nearly fifty years for Contagious Blood Poison. It contains no mercury, potash or other mineral. Our home treatment book gives all the symptoms of this disease. Medical advice free.

HORSES

Trample Upon Secretary of the Horse Show—People Present Were Much Excited.

New York, Nov. 18.—Spectators were thrown into intense excitement last night at the horse show in Madison Square garden when John G. Heckscher, secretary of the National Horse Show Association of America, was run down and trampled upon by a pair of horses on exhibition in the ring.

Women screamed and men crowded toward the ring. Before the excitement passed several women fainted. Many believed that Mr. Heckscher had been killed, as half conscious he was dragged from under the hoofs of the horses.

Mr. Heckscher was at once removed to his home, where the fear was expressed that he may have concussion of the brain or a possible fracture of the skull.

Mr. Heckscher is the father-in-law of Mayor George B. McClellan, and is a member of many prominent organizations.

PRICE OF EGGS

Has Already Reached 28 Cents, the High Mark to Date—Egg Shortage in the East.

Eggs are being retailed in the Newark stores from 25 to 28 cents per dozen—the high water mark for this fall, up to date. The great egg shortage in the east is said to be responsible and the prospects are that the price will soar close to the mark where eggs will be considered a luxury.

SCENE FROM WANG AT AUDITORIUM TONIGHT

BRIDE IS 63

And Groom Only 42—Second Matrimonial Venture for Both of Them at Coshocton.

Coshocton, O., Nov. 18.—In the majority of May and December weddings, the groom is December and the bride May. This was not the case, however, in a wedding which was solemnized here Tuesday. The contracting parties were Mrs. Jane Clark, aged 63, and Mr. Percy Carr, aged 42. The ceremony was performed at the M. E. parsonage here. Mr. Carr is a prosperous farmer of near Linton Mills. His bride resides near Marquand. Both had been married before, the bride having been a widow for about 15 years and the groom a widower for some 18 months. They will live on the groom's farm at Linton Mills.

Bright's Disease

Caused the death of Doctor Bright. Bright's Disease is simply slow congestion of the kidneys. In the last stage the congestion becomes acute and the victim lives a few hours or a few days, but is past saving. This insidious kidney trouble is caused by sluggish, torpid, congested liver and slow, constipated bowels, whereby the kidneys are involved and ruined. Drake's Palmetto Wine is a foe to congestion of liver, kidneys and bowels. It promptly relieves the congestion and carries it out of the liver, kidneys, bowels and blood. Drake's Palmetto Wine restores the mucous membranes to healthy condition, relieves the membranes of near Linton Mills. His bride resides near Marquand. Both had been married before, the bride having been a widow for about 15 years and the groom a widower for some 18 months. They will live on the groom's farm at Linton Mills.

BIG CLOAK SALE SATURDAY.

MEYER & LINDORF.

Serious Blaze.

Decatur, Ill., Nov. 18.—Fire in the Arcade apartment store and in the Decatur hotel caused a loss of \$125,000, nearly covered by insurance. The fire started a few feet from the furnace in the power plant of the Arcade building. It spread to the Arcade department store above and from that to the Decatur hotel on the south. After five hours' desperate fighting the firemen had the fire under control.

Headquarters Closed.

New York, Nov. 18.—George B. Cortelyou, chairman of the Republican national committee, and Elmer Dover, secretary of the committee, are in the city closing up the national headquarters, which will soon be transferred to Washington. Nearly all the offices except Mr. Cortelyou's suite have been closed and the rooms will be surrendered in a few days.

Serious Charge.

Salem, Ind., Nov. 18.—William Russell, who was recently discharged by the section foreman of the Monon railroad, was arrested charged with having attempted to wreck a Monon passenger train near Pekin. A tie, which had been placed on end between the ties of a trestle, was snapped in two by the train which was running 60 miles an hour.

Federation of Labor.

San Francisco, Nov. 18.—The Chicago federation fight was thrashed out on the floor of the convention of the American Federation of Labor, but after a hot and acrimonious debate the matter was finally referred to the committee on local and federated bodies, with instructions that a report rendered at the earliest possible moment.

Elections in Finland.

Helsingfors, Finland, Nov. 18.—The elections finished with a victory for the Constitutional party. Out of 73 representatives in the house of Burgeses, 63 are Constitutionalists. The peasants gave 53 per cent of their votes to the Constitutionalists. The house of nobles as usual is heavily Constitutionalist.

Wound Was Fatal.

Birmingham, Ala., Nov. 18.—W. S. Lang, superintendent of the coal mines of the Tennessee Coal, Iron & Railroad company at Blocton, who was shot from ambush Saturday night, is dead. Lang was a native of Pennsylvania but came to Alabama some months ago from Virginia.

FOR SALE.

Meister property, Saturday, 1:30 at Court House.

AMUSEMENTS

DeWolf Hopper in Wang will be tonight's bill at the Auditorium. The house will be packed.

ROANOKE NEXT TUESDAY.

"Roanoke" one of the prettiest southern dramas ever written and from the pen of Hal Reid author of "Human Hearts," "Knobs of Tennessee," and many others, will be presented at the Auditorium Tuesday, November 22. The Chicago Record-Herald says: "Of the many successful plays Hal Reid has written 'Roanoke' is certainly the best. Prettier in story, brighter in situations and deeper in heart interest. There is a good vein of comedy throughout the piece that gives an agreeable shade to the more serious scenes."

THANKSGIVING DAY.

"Dr. Jekyll and Mr. Hyde" which comes to the Auditorium during its present visit on Thursday, November 24, matinee and night, during its present visit to Boston, rounded out its 268th performance before Boston audiences. This is a most notable record, especially when it is known they played to standing room during the entire engagement. Here is the actual record that "Dr. Jekyll and Mr. Hyde" has established and which will be materially increased during the present theatrical season: 567 performances in New York; 268 performances in Boston; 190 in Chicago, and 160 performances in Philadelphia. This is a record no other play of modern times can boast.

THE MAID AND MUMMY.

Louis Wesley, who plays McWat, a would-be canny Scot detective in "The Maid and Mummy," which will be seen at the Auditorium soon, has gained much favorable criticism for his rendering of the song "Oh, Gee! It's Great to be Crazy!" He says he obtained the necessary local color from a series of protracted visits to the Bloomingdale asylum in New York, and incidentally remarks that he would not go through the same experience again for any amount of money or for the best part that could be offered him.

V. M. C. A. CONCERT.

The first entertainment of the V. M. C. A. course which was given Thursday evening at Taylor Hall, was one of the best entertainments ever given in Newark. Miss Elizabeth Blamere, soprano, and Mr. Carl Duff, basso, were artists, the hearing of whom was an education as well as a pleasure. Mr. Seeboeck, pianist, proved himself not only a skilled performer, but that higher artist, the composer. As a rule, the pianist of a concert company receives scant applause, but Mr. Seeboeck won his audience with the first touch of the keys. The magnificent Baldwin concert grand piano contributed in no small way to the beauty of the concert. The entire concert appealed to the intellect as well as to the senses.

Seven Arrests Made.

Chicago, Nov. 18.—Seven men were arrested here on a charge of either having knowledge of or being implicated in the murder of Natoli Sefelant, the Italian whose body was found last Monday floating in the lake. Charles Renzino, the proprietor of the rooming house in which Sefelant was last seen alive, has been under arrest for some days, and the men taken into custody are said by the police to have been connected with the crime in various ways, from being actually concerned in the murder to assisting in the disposition of the body.

Would Surrender Taylor.

St. Louis, Nov. 18.—With the inauguration of Governor Hanly Jan. 9, 1905, William S. Taylor, the fugitive from Kentucky, who has been protected by governors of Indiana since the assassination of Governor William Goebel, probably will have to seek another refuge. A close personal friend of the governor-elect said that Mr. Hanly would do his duty by all states, making requisitions on him.

NEW SYSTEM

For Locking Girls in Their Rooms at Delaware Industrial School Being Considered.

Delaware, O., Nov. 18.—The trustees of the Girls' Industrial home are considering a new system for locking girls in their rooms. At present each girl is locked in her room at night by individual keys, and in case of fire each separate room must be unlocked before the girls can be released.

A plan has been submitted making it possible to unlock every room in a cottage simultaneously by the simple turning of a lever at a central station. This plan will entail a cost of \$5000 for its inauguration.

The little folks love Dr. Wood's Norway Pine Syrup. Pleasant to take; perfectly harmless. Positive cure for coughs, colds, bronchitis, asthma.

Lynching Averted.

Thermopolis, Wyo., Nov. 18.—For a time the Cody bandit captured near here was in danger of being lynched by citizens of this place. A large crowd gathered and a lynching was freely discussed but finally the crowd gave up its plan for want of a leader. The robber is unknown here. It is not believed that he is one of the men who shot Cashier Muddaugh in the Cody bank.

Illinois Forest Fire.

Pecora, Ill., Nov. 18.—A forest fire has covered two miles of country in the bottom lands two miles north of this city. Hundreds of acres of timber land have been destroyed and several large farms were threatened. The farmers united to fight the flames.

Church Destroyed.

Indianapolis, Nov. 18.—The Meridian Street Methodist church was totally destroyed by fire. Loss \$75,000. The report that the Japanese blew up fort number two is incorrect. The Japanese attempted to mine the fort but General Smirnov personally superintended countermining operations, blew up the Japanese tunnel and put a stop to their advance.

Bank Suspends.

Carson, Cal., Nov. 18.—The bank of Carson, capital \$30,000, closed its doors and its affairs will be liquidated. The principal owner is Mosley Chase of Erie, Pa., who retires from business. The bank has been in business for 23 years. A new bank has been organized which will take over deposits of the Carson bank.

Mrs. Leiter's Return.

New York, Nov. 18.—Mrs. Levi Z. Leiter of Chicago, who was called to London two months ago by the serious illness of her daughter, Lady Curzon, returned home on the steamer Majestic.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Home of Swamp-Root, Co., Orange, N. Y. When writing mention reading this generous offer in this paper.

FORCES

(Continued from page 1.)

bay and the sharpshooters rejoined their regiment without loss.

Rejoicing over the spirit displayed by General Stoessel in his telegram of congratulation to Emperor Nicholas on the anniversary of his accession to the throne, and officially announcing the failure of General Nogri's nine-day attempt to present Port Arthur to the Mikado as a birthday gift, is tempered by private information that the gallant commander of the garrison has been wounded. General Stoessel was struck in the head by a splinter from a shell while he was personally directing the repulse of a particularly desperate assault, but fortunately the wound is not serious and General Stoessel has not been obliged to relinquish command. General Stoessel is regarded as the heart and soul of the defense.

Other information sent by General Stoessel which has not been divulged for strategic reasons, it is stated by the war office, is by no means unfavorable. While the garrison is now hemmed in in the citadel itself not one of the main forts has been taken. The garrison has been provisioned, fresh ammunition has arrived, and General Stoessel expresses confidence that the defense can be successfully maintained until the arrival of Vice Admiral Rojestvensky's second Pacific squadron.

Pounding Port Arthur.

London, Nov. 18.—The fact that the Russian torpedo boat destroyer Rastoropy, which arrived at Chefoo Wednesday, left Port Arthur much later than the date of General Stoessel's published report, which relates nothing later than Nov. 3, is regarded as significant. Apparently, however, Tokyo has not yet received as late news as is contained in the report of American Consul General Fowler at Chefoo, which was transmitted to the state department at Washington Thursday. Special dispatches from Tien Tsin report a heavy bombardment of Port Arthur as late as Nov. 12, and nightly sorties by small parties of Russians, who lose heavily by bayonet fights. The reports give no reliable details, but concur in statements that guns are wearing out and that the Russian ammunition is becoming scarce.

Fighting to Be Renewed.

Mukden, Nov. 18.—Everything has continued quiet up to the present moment, but it is confidently believed that fighting will be renewed soon. The report of General Kuraki's death persists, but Chinese deny it.

Japanese Reinforced.

Mukden, Nov. 18.—It is reported that 30,000 Japanese troops have been landed at Newchwang and 30,000 others at P'iewo and that a turning movement on the Russian right is expected.

General Smirnov's Good Work.

Chefoo, Nov. 18.—A Russian who has just arrived here from Port Arthur reports that the fortress is holding out well despite three months of almost continuous bombardment. The active land defense is entirely in the hands of Lieutenant General Smirnov, commander of the fortress, though General Stoessel is ceaseless in his watchfulness, and is frequently on the firing line. Much of the success in repelling the six day attack is said, on this authority, to be due to General Smirnov's handling of the artillery. The report that the Japanese blew up fort number two is incorrect. The Japanese attempted to mine the fort but General Smirnov personally superintended countermining operations, blew up the Japanese tunnel and put a stop to their advance.

Time's Softening Influence.

Lawyer—Do you want a trial right away or would you rather postpone it a few weeks?

Prisoner—I guess I'll need a few weeks in which to rehearse that story you told me to tell often enough so I'll get to believe it. Also I want to let the memory of my guilt fade out a little so I can make a better witness for myself. —Baltimore American.

No Cause For Desperate Measures.
"Why don't you get him to come to the point?" her mother demanded. "I made your promise to me the third time he ever called."

"Well, you must remember," the sweet girl replied, "that I'm nowhere near as old as you were then." —Chicago Record-Herald.

Did Him Good.

"Stimpkins is a mean man. I don't believe he ever did anything that did anybody any good."
"Yes, he did."
"What was it?"
"He fell down one time, and it did me good to see him." —Cleveland Plain Dealer.

The Compromise.

She—How sweet of you to own that you were in the wrong?
He (absentmindedly)—Yes. Mother always taught me that it was easier to give in to a woman than to argue with her. —Detroit Free Press.

At the Cooking School.

Teacher—Is that how I told you to do it?
Pupil—I did the best I could.
Teacher—Well, you may congratulate yourself that you don't have to eat it. —Brooklyn Life.

False Deduction.

"That man," remarked the great detective, "is evidently married."
"Wrong again," rejoined his friend. "He was run over by an automobile last week." —Kennebec (Me.) Journal.

BUILDING

ON SPRAGUE FIELD FOR SIMPSON
HEATER CO.

New Factory Building Which Will be
Finished by Spring is 90 by 150
Feet in Size.

The Simpson Heater Company consisting of John A. Simpson and his sister, Mrs. Wm. L. Smith, which has for seven years been successfully conducted on West Main street, near Seventh, is one of the Newark firms which is in line with the general progress of the city's manufacturing institutions.

The company manufactures the famous Simpson hot air furnace and does a general foundry business, which finally outgrew the accommodations of the present plant.

In consequence a new building, 90 by 150 feet, is being constructed east of the B. & O. tracks, in what has been known as the "Sprague field." North Newark. The work is being done by Contractor Edgar Shauck, who expects to have it completed for occupancy in the early spring.

SUBJECTS

Chosen for Lectures by Holders of Y. M. C. A. Course Tickets Thursday Night.

Those present at the Redpath Redtail company's entertainment in Taylor Hall Thursday night who held season tickets for the Y. M. C. A. entertainments were given an opportunity to express their preference of subjects for the Conwell, Green and Powers lectures.

Russell H. Conwell is to appear here on December 2, Dr. Thos. E. Green on February 2, and Leland T. Powers on March 2.

Nearly every holder of a season ticket voted. By a large majority the audience voted in favor of "The Heroism of a Private Life" for Mr. Conwell's subject, and out of a choice of six "Left Handed Men" was chosen for Dr. Green. Leland T. Powers gave 13 subjects and out of this number "David Copperfield" received twice as many votes as any other subject.

GUILTY

WAS THE PLEA MADE IN COURT
BY ALBERT WOOD.

Pen. Sentence Suspended During Time
He Supports Children—Reynolds
Case Argued.

In the case of Ohio vs. Albert Wood, indicted for failure to support minor children, the defendant pleaded guilty and was sentenced to the penitentiary for one year. Sentence was suspended during the time defendant supports his children, which he now agrees to do.

Reynolds Not Guilty.

In the case of the State of Ohio vs. Chas. Reynolds, indicted for cutting with intent to wound Robert E. Davis, the arguments of counsel were made to the court and jury Friday morning. The State claimed that on the 17th of May last, in front of the barber shop next to the Manhattan hotel, the defendant, Reynolds, attacked Davis with a razor and cut him on the leg. The verdict was not guilty.

Evans Case Begun.

After the jury this afternoon reported Chas. Reynolds not guilty the trial of P. B. Evans indicted for maiming was begun. The prosecuting witness is Stephan Nessley a Harrison township farmer. Attorneys, Fitzgibbon, Kibler & Kibler, Horner.

Court Notes.

A transcript from the docket of Mayor J. H. Mattingly of Johnstown in the case of Wm. Crowe, bound over to the Court of Common Pleas on a peace warrant, has been filed with the clerk of the court.

In the case of Elizabeth Allen vs. Harry B. Wheeler and others, the plaintiff by his attorney, E. S. Randolph, demurs to the third defense of the answer of Mary A. Warden and Frank G. Warden for the reason that it does not state facts sufficient to constitute a defense to plaintiff's petition.

DIVIDEND

OF FORTY PER CENT TO BE PAID
BY RECEIVER STASEL.

However, Mr. Stasel Cannot Pay Any
of Money to Depositors Before
First of Week.

In accordance with the recommendation of Receiver A. A. Stasel, the Court of Common Pleas, Judge G. W. Coyner presiding, on Friday ordered that a dividend of 40 per cent be paid on claims against the Newark Savings Bank company.

Receiver Stasel said on Friday afternoon that he would be ready to pay the proportion of claims, ordered by the court, the first part of the week, probably Monday. Nobody can be paid before that time.

FESTIVAL

PLAY WILL BE GIVEN BY THE
TURNERBUND.

Feature Will be an Original Play by
Conrad Nies Formerly a Newark
Teacher.

A dispatch from Indianapolis has the following to say of Prof. Conrad Nies, formerly teacher of German here:

The general committee in charge of the program for the twenty-ninth assembly of the North American Turnerbund in this city next June has completed its work. Each of the six days of the meeting has been provided with gymnastic contests, concerts and other attractions. One of the features of this gathering will be an original festival play by Conrad Nies, of St. Louis, formerly of Newark. O. The turnerbund offered a prize of \$300 for the best play, and Nies' work was accepted out of the ten that were submitted. Six of the contestants were from the old country.
